A Message From The Publisher

The 2023 Town Planner Community Calendars for Corona and Riverside mark my sixth year of publication. An inaugural 2023 Central Riverside edition has joined the established editions in West Riverside, East Corona and West Corona. The Calendar continues to be an invaluable information resource for many homes with its listing of community events, the local school schedule, and a directory of phone numbers for city and county services. The money-saving coupons at the bottom are usually exclusive to the Calendar.

If you are a new user of the Calendar, I will share with you a story that has been told many times. In 2017, my first foray into entrepreneurship by starting this home-based Calendar business resulted from a desire to spend more time with my son Karson, who was 11 at the time. I left a financial career in Corporate America.

The 2023 Riverside theme is "Kids First in Riverside... Positive Messages for Our Children". I have created each of the poems shown, and they are meant to provide teaching moments for our children. Special thanks to the coaches and players of Orangecrest Pony League for gathering together for the Calendar cover photo. Much appreciation goes to Justin Dorado, pictured on the far right on the cover. Justin is a friend and a business colleague. He is a Financial Advisor at PNC Bank and also serves as a coach in the league, where his son Austin plays. Finally, the coaches and players shown (along with the players' parents) have my utmost gratitude as well.

This Calendar is free because business sponsors/advertisers in the Calendar want to serve the community by supporting the positive messaging and community involvement fostered by the Calendar. Their financial commitment and overall efforts put into the Calendar should never be taken for granted. In turn, we can serve these businesses by giving them careful consideration when a need arises for a service or product provided by them. Your patronage will be supporting local small businesses.

I am proud to highlight the Mary Kay Independent Beauty Consultant featured in this Calendar, Stormy Li. The last name gives it away as she is my wife. She is also a full-time, college Professor of Dental Hygiene and Registered Dental Hygienist (RDH) who fell in love with the products at her first Mary Kay party – so much so that she decided to become a Mary Kay consultant and first-time business owner.

I am truly grateful for the continuing support of Bobby Spiegel, President of the Corona Chamber of Commerce, and Nick Adcock, President of the Greater Riverside Chambers of Commerce, along with their respective, dedicated teams. They create opportunities to help me find ways to grow my business.

The start of a new year is a time for renewed optimism, so set your goals high and don't settle. Remember kindness and TRUE empathy toward others usually makes any situation a little better.

I hope this coming year turns out to be the most meaningful and most productive year yet.

Blessings to you in 2023

IN THE SPOTLIGHT: CHRIS RAMIREZ
OWNER OF CHRISTOPHER JONATHAN
RAMIREZ EA & ASSOCIATES

Chris Ramirez, an Enrolled Agent since 2014, may have chosen the moniker "Tax Geek" for his thriving Tax & Accounting practice, not so much to use a catchy tag line, but more as a self-proclamation – the term reflects his knowledge of and passion for his profession. After inheriting his father's firm and folding it into his own, Chris leads both firms serving clients globally – offering bookkeeping, payroll, and tax compliance/resolution services. Given ever-changing tax rules with growing complexities, his commitment to complete over 50 hours of continuing education annually represents a course

load more than twice the IRS requirement for continued licensing of Enrolled Agents. Such dedication positions Chris well to minimize taxes for his clients, maximize refunds, and perform critical representation work (like settling IRS claims). Chris has saved clients in the six figures on several occasions. Chris' high standards and work quality are also a tribute to the legacy of his father, who had a tax business for over 50 years.

Stereotyping Chris as a tax nerd would be a mistake. Scratch the veneer of this bookish and analytical professional and you'll find an engaging personality with wide-ranging interests and a big heart. Chris is a reputable professional photographer. His whimsical nature and boyish charm are revealed with his love of board games and anything Star Wars. He and his teenage son Anakin (yes...) can be found taking a long hike, going to a Board Game convention, or enjoying a spirited bowling game. Chris is also a deep thinker whose introspection and spiritual/philosophical journeys are means to improve self and relationship with others. Friends and business colleagues will attest to his overall generosity.

Chris loves tax questions and saving people (tax) money. He's just one phone call away.

IN THE SPOTLIGHT:
MARCELO AND SHAMMY GALLO, OWNERS OF

Marcelo Gallo's varied interests, multi-ethnic background, and diverse work experiences make him an engaging, multi-dimensional individual. Born in Ecuador, he immigrated with his family to America at age 6. They moved to Hollywood a few years later and settled in San Fernando Valley. After high school, and with a passion for learning, Marcelo decided on architecture and achieved his associate degree. He ultimately chose not to pursue the profession and spent the next few years finding his way and making a living at a pizza business. His yearning to serve his country led him to the Marine Corp as a reserve. Upon discharge, he embarked on a successful career as a banker and then mortgage consultant. Following his life pattern of trying new things, he founded a pest control company in 2007 – the origins of Southland Pest Control. He was new to this industry, but put in the time and effort to learn and become successful.

As a banker, Marcelo met co-worker Shammy, who would become his wife. Like Marcelo, she immigrated from Iraq at age 10. As co-owners of Southland Pest Control, Shammy and Marcelo are fulfilling the American Dream as successful business owners. They continue to participate in running the business. Along the way, they have developed a strong, healthy family life as they share five children, ages 16 to 33. Their free time is spent finding different ways to have family fun.

Marcelo's most unique trait may be his passion for Star Wars. His twins – boy and girl – were given the middle names of Luke and Leia. He enjoys building Star War models. Finally, he is a member of the 501st Legion, a nonprofit where volunteer members wear costumes of Star Wars characters while serving the community. Shammy loves joining Marcelo at community events.

Call Marcelo for your pest control needs, but stop by and see his Star Wars workshop and engage in some fascinating conversations.

IN THE SPOTLIGHT: LARRY MCCRAY, OWNER
OF RIVERSIDE TIRE PROS - MCNAIR'S AUTO REPAIR
AND JERRY'S BRAKE & TIRE PROS IN CORONA

Larry McCray, with 40 years of experience in the Automotive Repair Industry, was destined at a young age to make a living around cars. Born and raised in Riverside, Larry's family members and relatives had a true passion for cars, from racing stock cars to racing NASCAR to working on NASCAR teams. Larry's enthusiasm for cars led him to repairing them for a living to managing auto shops to eventually owning his first automotive repair shop (Jerry's) in 2006.

Larry ended up joining the Tire Pros franchise given his desire to offer his customers more comprehensive services and extended nationwide warranties. In the competitive auto repair industry, Larry's honesty and dedication to customer service stand out – which has allowed him to develop a loyal customer base. In 2015, Larry took on a new business partner in Teresa Lester and opened up McNair's Auto Repair in Riverside. Fate was working for them as they actually grew up in the same neighborhood and attended Rubidoux High School, although Larry was a few years ahead. Three years after starting their business partnership, they became newlyweds. Together in their blended family, they have five children and eight grandchildren with their ninth expected in February 2023. They love traveling to see all their grandchildren who are not only local, but also in North Carolina, Colorado, and Northern California. Prior to COVID, they held a monthly event to feed homeless veterans, a strong commitment to our military which was indicative of the fact they have one son who is an Army veteran and another still on active duty.

Larry will tell you that it took many years, but he has truly found his best friend and soul mate in Teresa – not only partners in business but also partners in life:
